DETAILED ACTION

1. Receipt is acknowledged of amendments and drawings filed on 12/20/2004.
2. Claims 6-26 are presented for examination.

Priority

3. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Allowable Subject Matter

4. Claims 6-26 are allowed.
5. The following is an examiner's statement of reasons for allowance: Although the prior art of record, Wurz et al. (U.S. 5,979,761), discloses an optic holder [meaning a mirror assembly] comprising of fixed stationary holding part, and an adjustable holder segment, but taken alone or in combination with any other references fails to teach a spherical head, in which the transmitting optics are disposed, and is enclosed by two spherical half shells that form a receptacle in which the spherical head with the transmitting optics is positioned so as to pivot; and comprising a first stationary holding part adjacent to the optics holder, and two holder segments that adjoin the support element on the longitudinal sides, wherein at least one holder segment of the two holder segments is disposed on the stationary holding part, in a manner that the position of the at least one holder segment is adjustable, and further comprising a second stationary holding part, and wherein one of the two holder segments is disposed on the first stationary holding part so that the one holder segment is displaceable in a plane oriented perpendicularly to an optical axis of the

transmitter, and the second holder segment of the two holder segments is disposed on the second stationary holding part, in a manner that the second holder segment rotates and is displaceable. These limitations in conjunction with other limitations in the claimed invention were not shown by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Chu (U.S. 5,194,721) discloses optical scanner.
